The *Triumph of Civic Virtue* statue has stood on city property at Queens Borough Hall at the corner of Queens Blvd. and Union Turnpike for over 70 years. It is a renowned work of art.

Recently, some local officials have been trying to have it removed, and the Parks Dept. has been blocked from caring for it properly.

This is YOUR borough! The statue belongs to the public, and should not be removed as politicians personally see fit. The city has a responsibility to maintain it properly.
